Notes

- * Table elaborated in collaboration with TIAS School for Business and Society of Tilburg University and based on Members input
- ** These indicators are calculated by TIAS which bears the full and sole responsibility. These figures are neither reported nor formally approved by the respective co-operative banks.
- ¹ Cooperative banks do not apply a similar definition of the SME sector.
- ² Market share new mortgages
- ³ Market share corporate loans
- ⁴ Just FTEs, no parttime employees are included
- ⁵ Market share domestic deposits instead of total deposits
- ⁶ Data refers to co-operative banks without the two Polish affiliating banks
- ⁷ Total number of clients equals total number of members, because every customer has to be a member.
- ⁸ Market shares in the province of Québec
- ⁹ Totals are based on reported data, i.e. data for some co-operative banks were not available. Due to some reclassifications, the number of independent local or regional co-operative banks and domestic branches are not comparable to those reported for 2015.
- ¹⁰ Economic indicators and Profitability indicators are The Norinchukin Bank figures. Other indicators and market share indicators are cooperative group (JA Bank) figures.
- a) data 2015
- b) data 2013
