iPeak®

## RAPID SEROLOGICAL TEST READER QUICKZEN COVID-19 IgM/IgG

### iPeak® Reader

The **iPeak® Reader** is a **rapid test cassette reader** that provides accurate and reliable results with high traceability. This reader can objectivize the reading of quick tests for the detection of **COVID-19 (SARS-COV-2)** antibodies directly at the end of the ZenTech kit's incubation time: **QuickZen Covid-19 IgM/IgG**.

The **iPeak® Reader** is compact and user-friendly. The **embedded software** enables the **objective and qualitative interpretation** of the test. The results can then be **exported and data integrity and traceability are guaranteed**.

Reproducibility  
and precision

Integrated barcode reader  
(1D – 2D – QR Code)

Data traceability

## Device description

The **iPeak® Reader** is a portable easy-to-use system. It provides **quick and accurate results** with a **high level of sensitivity**. When used with the 'QuickZen COVID-19 IgM/IgG' ZenTech kit, the **iPeak® Reader** can read test lines and applies a special algorithm to interpret results for each of these lines.

With its **7 inch capacitive touchscreen**, the **iPeak® Reader** is the ideal tool for taking and interpreting test images on samples in real time.

It features **QR Code/Datamatrix** reading for full sample **traceability** and **a range of connection options for exporting** the results.

A **printer** can also be connected to the **USB port**.

The **iPeak® Reader** can **store** a large volume of results, **raw images** and **data** in its **internal memory**. It works on **battery** and/or **mains**.

**Reference: H-LY-000**

## Performance

<1min.

Results displayed within a minute

Results stored in the system's internal memory

Data exported via Ethernet, Wi-Fi and USB port

Internal battery (up to 8h autonomy)

7 inch touchscreen

Printer connection option

## Related kit

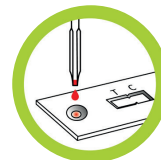

**Packaging:** 25 individual tests

**Reference:** S-LW-25

**Kit content :** 25 pouches containing one cassette, 25 whole blood collection pipettes, a 4ml vial of dilution buffer, one instruction manual.

**Rapid**  
10 minutes

**Practical**  
All-in-one

**Reliable**  
Excellent sensitivity and specificity
