

ROSCO

NEO-SENSITABS™ – Veterinary

Susceptibility Testing

In addition to the standard range Rosco has developed a range of Neo-Sensitabs™ containing antibiotics used for veterinary purposes.

Veterinary

Ideal for use in the small clinic performing only a few susceptibility tests per day or week.

- Extensive range
- Made to order
- Long shelf life
- Store and use at room temperature
- No need for storage in the refrigerator
- Ready for instant dispensing
- Large printed code for easy identification
- Large clear zone
