

PROGRAM RBSPS PRESIDENT'S MEETING

SAINT PETER'S ABBEY GHENT - BELGIUM

ROYAL BELGIAN SOCIETY
FOR PLASTIC SURGERY

6 MAY 2023

REGENERATIVE SURGERY & STATE OF THE ART IN AESTHETIC SURGERY

ORGANIZED BY DR. ALEXIS VERPAELE, RBSPS PRESIDENT

Registration

08.00

1 REGENERATIVE RECONSTRUCTIVE SURGERY

Welcome & opening
A. Verpaele

08.30

Pushing the frontiers in regenerative surgery. From nanofat to mechanical stromal vascular matrix to exosomes.
K.U. Schlaudraff - *Switzerland*

08.35

Why using regenerative medicine as first option when treating vulvar Lichen sclerosus?
P. Gutierrez - *Spain*

09.00

Face Regeneration and the Third Element
M.A. Pellon - *Brazil*

09.25

Discussion

Free paper session

10.00

Push-through filtration of emulsified lipoaspirate over a 500µm mesh filter significantly reduces the amount of stromal vascular fraction and mesenchymal stem cells.

L. Moonen, L. Ramaut, M. Geeroms, T. Laeremans, J.L. Aerts, M. Hamdi

Sirolimus: friend or enemy of surgeons dealing with vascular anomalies?

N. Hassayoune, J. Coulie, P.L. Docquier, A. Lentini, M. Van Cauter, S. Schmitz, A. Van Damme, E. Seront,

B. Lengelé, L. Boon

Classification and decision-making algorithm of post-bariatric patients

N. Manavaki, G. Diluiso, M. Schettino, T. Cleve, V. Marron Mendes

COFFEE BREAK & VISIT TO THE EXHIBITION

10.30

2 REGENERATIVE AESTHETIC SURGERY

How does nanofat work?
P. Tonnard - *Belgium*

11.00

Immortality: Senescence for Gerontosurgeons
R. Llull - *Spain*

11.25

Ways to improve our breast augmentation results with fat grafting
K. Andjelkov - *Serbia*

11.50

Discussion

General Assembly RBSPS - BPSRAS

12.15

LUNCH BREAK & VISIT TO THE EXHIBITION

12.15

Keynote lecture: Ignace Van Doorselaere

14.00

Celebration RBSPS Honorary Member: Prof. Dr. Stan Monstrey

14.45

3 AESTHETICS : STATE OF THE ART - PART 1

Moderators: K. Andjelkov - A. Verpaele

Advanced Body Sculpture
M. Mendanha - Portugal

15.00

State of the Art Breast Sculpture
K. Kaye - Spain

15.20

My Experience with Energy-based Devices
A. Boulard - France

15.40

Discussion

COFFEE BREAK & VISIT TO THE EXHIBITION

16.15

4 AESTHETICS : STATE OF THE ART - PART 2

Free paper session

16.45

Suction lipectomy, lymphaticovenous anastomosis, and gastroepiploic vascularized lymph node transfer: mixed or independent procedures? Which combination can treat lymphedema more effectively?

M. Schettino, A. Bolletta, L. Losco, V. Marron Mendes, A. Sorkin, H.C.Chen

A rare case of a recurrent sterile abscess following hyaluronic acid filler injections in the jawline

M. Brusselle, N. Roche, H. Vermeersch, N. Dhooghe

Invited lectures

17.15

State of the Art in Face and Neck lift

M. Pelle Ceravolo - Italy

Discussion

17.40

The two biggest lies on toxins and fillers exposed

M. Kane - USA

Discussion

18.10

Free paper session

Diffuse Large B-cell Lymphoma EBV positive associated with breast implants : a case report.

E. Moeris, N. Cambier

Incidence of lymphedema and venous congestion in neurocutaneous sural flap and need for venous superdrainage

G. Diluio, M. Schettino, T. Cleve, V. Marron Mendes

Combining free vascularized bone grafting to the ulna with 3D deformity analysis of radius and ulna, to optimize functional outcome after subtotal forearm amputation: how to make it work.

T. Claerhout

Best Resident's Paper

18.30

Closing remarks & adjourn

18.45

RECEPTION - DINNER - AFTER-PARTY
