

RBSPS SPRING MEETING

20 April 2024 - Antwerp Zoo

Organized by S. Colpaert, F. Thiessen, T. Tondou

BREAST

PRELIMINARY PROGRAM

Registration & welcome coffee

Welcome to Antwerp - history - B. De Wever

08.00

08.40 - 09.00

1 AESTHETIC BREAST SURGERY

INDUSTRY SYMPOSIUM 09.00 - 10.15

09.00 Inframammary fold management - D. Hammond (*Motiva*)

09.20 Tissue or Patient - Planned Implant Selection? - N. Nugent (*Mentor*)

09.40 Mesh-assisted (GalaFLEX™ Scaffold) breast reduction plastic surgery with push-up and inner bra technique- Case analysis of 10 patients with mammary hypertrophy with high skin laxity and poor connective tissue. - S. Fertsch (*BD*)

09.50 Anatomical implants and 24h recovery: the state of the art breast augmentation surgery - G. Bersou (*Silimed*)

10.05 Panel discussion

COFFEE BREAK & VISIT TO EXHIBITION

10.15 - 10.45

2 RECONSTRUCTIVE BREAST SURGERY

10.45 - 11.30

10.45 What is new in breast cancer treatment: targeted therapy and gene sequencing - S. Altintas

11.00 Tailor-made autologous breast reconstruction - S. Tuinder

11.15 Combined application of novel robotic systems for microsurgery: Preclinical and clinical experience. - K.J. Wessel

3 MORNING KEYNOTE LECTURES

11.30 - 12.15

11.30 The 3-step principle: the ultimate guide to solve failed breast surgery - Ph. Blondeel

11.50 Recycling tissue concept in microsurgical breast reconstruction - M. Hamdi

12.05 Panel discussion

LUNCH BREAK & VISIT TO EXHIBITION

12.15 - 13.45

12.15 - 12.35 General Assembly RBSPS / BSPRAS

4 AFTERNOON KEYNOTE LECTURES & FREE PAPERS

13.45 - 15.40

13.45 Treatment of capsular contracture - D. Hammond

14.05 Augmentation Considerations in Tuberous Breasts - N. Nugent

Free paper session

14.30 Mastering Mastectomy Incision Placement: Optimizing Aesthetic Outcomes in Immediate Pre-Pectoral Breast Reconstruction. Our Experience and Algorithm. - S. Poggi, M. Schettino, G. Diluiso, A. Hamriti, T. Cleve, V. Marron Mendes

14.40 Our first experience with custom-made implants for the correction of pectus excavatum - R. Van Steen, T. Tondou, N. Vermeersch, F. Thiessen

14.50 Satisfaction in aesthetic surgery - G. Diluiso, S. Poggi, M. Schettino, T. Cleve, V. Marron Mendes

15.00 Flow coupler use in autologous breast reconstruction - practical tips - A. Kapila

15.10 Patient-reported and surgical outcomes of Profunda Artery Perforator (PAP) Flap Breast Reconstructions compared to Deep Inferior Epigastric Perforator (DIEP) using BREAST-Q - A. Kapila

15.20 Gland resection in gynaecomastia through a minimal nipple incision, enabled by power-assisted high definition liposuction: a technique description - T. Sels, S. Colpaert

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

15.30 Fold control in breast augmentation: an interplay between anatomy, proportions and compromises - M. Geeroms

5 MISCELLANEOUS BREAST TOPICS

15.40 - 16.10

16.10 - 17.50

16.10 Can we treat breast implant capsular contracture with fat grafting? - S. Papadopoulos

16.25 Nomenclature in Breast Surgery - M. Slabbaert (*DGEC RIZIV -SECM INAMI*)

16.55 Tissue engineering for breast reconstruction: the MATTISSE proposal - P. Guerreschi

17.10 Pectus excavatum & Poland reconstructed with custom made implants - J.P. Chavoïn (*Sebbin*)

17.25 How do I manage unstable muscle in secondary cases? - G. Bersou

17.40 The human chest - M. Buncamper

17.55 Nipple sparing mastectomy - T. Tondou

ADJOURN

18.15
